

**Ovarian Cancer
Coalition**
of Central South Carolina

602 Meeting St. • Suite B • West Columbia, SC 29169
A 501(c)3 non-profit organization

NEED A SPEAKER----FREE?

Schedule a Listen and Learn

Our mission is to educate women in the Midlands about ovarian cancer and how **early detection** saves lives. Our organization is willing to provide speakers free for a Listen and Learn to women about the symptoms of ovarian cancer (which often are whispering symptoms).

DID YOU KNOW....unusual increased urination could be a symptom of ovarian cancer?

We send a team of women consisting of an ovarian cancer survivor and an oncology nurse to speak to your organization, whether it's a church group, an office, a school group or any place where women gather in the Midlands area. When you need a speaker, notify our office at 803-926-3462 or email donna29033@yahoo.com. We also provide your group with literature to help recognize the symptoms. Please visit our website at WWW.OVARIANCANCERMIDLANDS.ORG for more information and resources.
